Passionate Web Designer in the Making

I'm currently pursuing my BSc in Computer Science with AI specialization in my 2nd year. My journey in technology is driven by a deep passion for creating stunning, user-friendly web experiences that make a difference.

When I'm not coding, you'll find me immersed in K-dramas or lost in a good book. These hobbies fuel my creativity and help me understand storytelling - a crucial skill in web design.

I believe that great design is not just about how it looks, but how it works. My goal is to
